## New Service Request

The North Rural Water Supply Corporation is a member owned, not for profit, public water provider. In order for North Rural WSC to determine whether a prospective member may be served by the system, a Service Investigation must be conducted by the Corporation's engineer. The Service Investigation will take into account whether a water distribution line is present to serve a particular site and whether an existing water line is of sufficient capacity to serve an additional connection. This will also identify costs associated with providing an additional water service line. Refer to the current rate chart for a detail of fees for a standard installation for new service. In addition, the new member must pay all costs to construct any improvements to serve a new connection. To initiate a Service Investigation, please fill out the form and return it along with a check for \$150.00 along with a map of the prospective service area to NRWSC. This cost is included in the total cost referenced on the rate sheet and is non-refundable. This form and all subsequent documentation related to this request are valid for 90 days. After the 90 days if new service is not activated, the "New Service Request" form and fees must be resubmitted.

Name: \_\_\_\_\_ Phone: \_\_\_\_\_

Billing Address: \_\_\_\_\_

Email: \_\_\_\_\_

**Service Address:** \_\_\_\_\_

Residential     Commercial: Type of business \_\_\_\_\_
